Rachel *Mantilla*

INTERIOR DESIGN STUDENT

Sebring, FL · rachel.mantilla001@yahoo.com · rachelmantilla-ind.github.io

OBJECTIVE

Interior Design student with a 4.00 GPA seeking an Interior Design Internship where I can apply hands-on skills in space planning, hand drafting, rendering, and Revit/AutoCAD. Five years of client-facing healthcare work have built my communication and attention to detail, and I am passionate about creating functional, thoughtful spaces.

EDUCATION

Seminole State College of Florida, Sanford, FL

August 2025 – Present
Expected 2028

A.S. in Interior Design, continuing into the B.A.S. in Interior Design
GPA: 4.00 | President's List: Fall 2025, Spring 2026, Summer 2026

Relevant Coursework: Studio I & II (Residential Interiors); Technical Design; Computer-Aided Design; Revit for Interiors; Materials & Finishes; Construction Materials & Methods; Building Codes; Sustainable Design

Certifications: Emergency Medical Technician (EMT) License

Miami Dade College, Miami, FL

August 2022 – 2025

General education & transfer coursework

DESIGN SKILLS

Software	Revit, AutoCAD, Adobe Creative Suite, Canva, Microsoft Word, PowerPoint & Excel, Google Workspace
Drafting & Documentation	Hand drafting, floor plans, elevations, lighting/reflected ceiling and power/data plans
Space Planning & Codes	Programming, block diagrams, furniture layouts, universal design, ADA clearances
Visual Communication	One- and two-point perspective, marker rendering, pen-and-ink sketching, study models
Materials & FF&E	Finish and furniture selection, material boards, concept statements, sustainable design

DESIGN PROJECTS

Mountain Cabin Retreat, Accessible Residential Design

Studio I, Fall 2025

- Designed an open-concept mountain cabin in Aspen, CO for a client who uses a cane, with wide pathways, level flooring, a curbless shower, a writing office, and a covered porch.
- Wrote concept and justification statements and built finish and FF&E boards: engineered oak, matte porcelain tile, quartz, paint palette, brass lighting, fabrics, and furniture.

Commercial Law Office, Space Plan & Drawing Set

Technical Design, Spring 2026

- Space-planned a 16-room law office, from reception and conference to private offices, library, and ADA restrooms.
- Hand-drafted the floor plan at 1/8″ = 1′-0″ after block-plan studies, with a fire-rated/acoustic wall legend and ADA restroom plan, plus furniture, power/data, and reflected ceiling/lighting plans and millwork elevations.

Residential Floor Plan & Elevations

Technical Design, Spring 2026

- Hand-drafted a dimensioned 1/4″ = 1′-0″ plan of a two-story home, plus a furniture plan and interior elevations.

Perspective Rendering, Models & Sketching

- Designed and rendered a double-height dining room in two-point perspective with grayscale markers; built an abstract paper study model of curved and folded planes; pen-and-ink vignettes and marker material studies.

PROFESSIONAL EXPERIENCE

Front Office Administrator, Simmons MD Weight & Healthcare Solutions

February 2026 – Present

Coordinate patient scheduling, phone communications, and records while maintaining accuracy and confidentiality.

Call Center Agent, Miami Vascular Specialists

September 2024 – December 2025

Scheduled appointments and managed high-volume inbound calls, coordinating between patients and clinical staff.

Medical Assistant / Front Desk, South Florida Surgical Group

February 2024 – September 2024

Managed front desk operations and insurance authorizations; prepared and organized patient charts.

Medical Records / Front Desk, Nicklaus Children's Hospital, Kidz Medical

August 2022 – February 2024

Processed confidential medical records and supported patient check-in and documentation.

Front Desk / Patient Transport, South Florida Diagnostic Imaging

September 2021 – August 2022

Scheduled appointments, greeted patients, and supported daily administrative operations.

LANGUAGES & STRENGTHS

Bilingual (English & Spanish) · Client-focused communicator · Detail-oriented & highly organized · Team collaborator
